ESEM 2020

5-9 October 2020 | Bari - Italy

Call for Papers

The ACM/IEEE International Symposium on Empirical Software Engineering and Measurement (ESEM) is the premier conference for presenting research results related to empirical software engineering. **ESEM** provides a stimulating forum where researchers and practitioners can present and discuss recent research results on a wide range of topics, in addition to exchanging ideas, experiences and challenging problems. The 14th edition of ESEM will be held in Bari, Italy, from October 8th to 9th, 2020 as part of the **Empirical Software Engineering International Week (ESEIW)** with several co-located events.

Details on the topics of interest, the submission procedures, as well as all co-located events, are available at the conference website.
